

Spongebob Squarepants "Femininity"

Visit "[Femininity](#)" on MotoLyrics.com

You must walk feminine
talk feminine
smile and beguile feminine
utilize your femininity
that's what every girl should know
if she wants to catch a beau

dance feminine, glance feminine
act shy and sigh feminine
compliment his masculinity
that's what every girl should know
if she wants to catch a beau

let him do the talking
men adore good listeners
laugh, but not loudly, haha
if he should choose to tell a joke

Be radiant, but delicate
memorize the rules of etiquette
be demure, sweet and pure
hide the real you

You must laugh feminine, dress feminine
you're at your best feminine
emphasize your femininity
that's what every girl should know
femininity, femininity
that's the way to catch a beau
