A stove is a stove  
No matter where you go,  
A patty is a patty  
That's what I saaaaaaay!  
A grill is a grill  
This is surely so,  
And fries should be fries  
Either waaaaaaaaay!

But this grill is not a home  
This is not the stove I know,  
I would trade it all away  
If you'd come back to staaaaaaaaay

This kitchens not the same without you,  
It's just a grill,  
It's just a greasy spooooooooooooooooooooooooooooon  
Without yooooooooooooooooooooooooooooooooooooou.
