Maybe I'm just a kid
Maybe I just don't fit in
I'm ready, I'm ready, I'm ready, I'm ready, to go now
I don't want to go to school
But don't get to I make the rules
To early, to early, to early, to early in the morning

Everybody, everybody, everybody Everybody
has to do something they don't want to do
Everybody, everybody, everybody Everybody
has to do something, oh why's that true?

Maybe I'm not so big
Maybe I just don't fit in
I'm ready, I'm ready, I'm ready, I'm ready for more now
I don't want to go to bed
So much going on in my head
Not tired, Not tired, Not tired, Not tired right now

Everybody, everybody ,everybody Everybody
has to do something they don't want to do
Everybody, everybody, everybody Everybody
has to do something, oh why's that true?

Everybody x15
Everybody has to do something, to have fun
Na Na's
Everybody x13
Anyone who's somebody, anybody has to grow up to
have some fun
