My tighty whitties

Tighty whitties, you makes my whole life worthwhile
So I start everyday with a smile
You fit like a glove, you make me proud of you
That's why I love you, my tighty whitties

Tighty whitties, don't ever fret or despair
You alone, always make a great pair
It's high time I told you, how I love to hold you
Wash, dry and fold, you're my tighty whitties

So cozy and comfy, so cottony and cuddly
So snug when you hug me so tight
[Incomprehensible], only I know you're in there
So razzly, dazzly white

We must have been meant to be
'Cause I've changed you and you've changed me
When you're old and gray, I won't throw you away
I'll spend laundry day with my tighty whitties

Tighty whitties
Tighty whitties
Tighty whitties
Tighty whitties
