(Robot) When worlds collide...  
You can run...

(Cavey) ...But no can hide!

(Robot) When worlds collide

You'll laugh so hard you'll swear you've died

When worlds collide

Hold my hand and I'll be your guide

When worlds collide

Buckle...buckle...

Buckle up for the sweetest ride

And prepare to have your mind blown wide

When worlds collide

(Cavey) When worlds collide it's a curious thing

Bet you've never heard a robot and a caveman sing

In his metal chest are some working parts

How is that different from by beating heart?

(Robot) I'm from the furture...

(Cavey) ...And I'm from the past

(Robot) But that don't mean this friendship wasn't built  
to last

(Cavey) He was made in a lab and I was born in a cave

So let me hear you holler for this inter-era rave!

(Robot) You...you...you can run...

(Cavey) But no can hide!

(Robot) When...when worlds collide
