V1.

Now, here we go  
In constant cycle

Beware the undertow  
Takes you down  
Alone

Prechorus:  
I won't go home  
So let me in  
I never sleep

No need to wake  
My consciousness  
Is keeping me

Chorus:  
Up  
And down

Up and down

Rush  
Don't crash

V2.

First I am here  
But now  
I am just not

So  
Try me  
Don't you, do that

Prechorus:  
I won't go home  
So let me in  
I never sleep

No need to wake

My consciousness  
Is keeping me

Chorus:  
Up  
And down

Up and down

Rush  
Don't crash

Bridge: X 4  
Lay down  
Then sleep  
Now wake  
Repeat

Prechorus:  
I won't go home  
So let me in  
I never sleep

No need to wake  
My consciousness  
Is keeping me

Chorus: X 3  
Up  
And down

Up and down

Rush  
Don't crash
