Ooooohoo

Girl gonna take a little time  
To assess my frame of mind  
'Cos I got worlds to re-align  
should I account for countless crimes

Cos I approach thing emotionally, at least I try  
So fare thee well baby if it should be, the last goodbye  
Yeah yeah yeah yeah

It matters such you see, your feelings cannot be  
denied  
Cos every hour I'm with you will lead to pain  
And now you see that if we let out hearts decide  
It's out of my hands again

Ooooh

Girl - don't wanna be unkind  
But there's a piece I've yet to find  
So should I stand and watch my fate unwind  
Or turn my back and leave it all behind

Desire, drudge comes emotionally, at least I tried  
So fare thee well baby if it should be, the last goodbye  
Yeah yeah yeah yeah

It matters such you see, your feelings cannot be  
denied  
Cos every avenue will lead to pain  
And now you see that if we let out hearts decide  
It's out of my hands again

Oohh it's out of my hands again

Solo

It matters such you see, your feelings cannot be  
denied  
Cos every hour I'm with you will lead to pain

And now you see that if we let our hearts decide  
It's out of my hands again

It's out of my hands again
