Take a sheet from the bed
Cut two eyeholes and put it on my head
I just can't get you to admit
that I'm always by your side
In spirit

But a shit ghost
Rattle my chains
Go woo-oo (WOO)
I wanna haunt this place

But you take me for a fool
So now take me as a ghoul
You're a broken hearts collector
With an omni-present spectre
Spectre

But a shit ghost
Rattle my chains
Go woo-oo (WOO)
I wanna haunt this place

If it wasn't for you!

(solo)

A shit ghost
Rattle my chains
Go woo-oo (WOO)
I wanna haunt this place

But I never had the guts
to come and interact,
I only wanna scare you
Provoke you to react
