Look in my eyes, stay with me for a while  
We've got a chance at our moment in time  
So cast your fears aside  
There's no need to hide

Don't you wanna know  
Know where this emotion wants to lead us  
Don't you wanna go  
Don't you wanna see this to the end  
Take my hand, let's take a chance  
Love invited us to dance  
Let's find out how high forever goes  
Don't you wanna know

Once in a lifetime, if ever at all  
Hearts get to feel what we might if we fall  
Let's not waste tonight  
On if it's wrong or right

Don't you wanna know  
Know where this emotion wants to lead us  
Don't you wanna go  
Don't you wanna see this to the end  
Take my hand, let's take a chance  
Love invited us to dance  
Let's find out how high forever goes  
Don't you wanna know

If we've got the wind to make us fly  
Just one way of finding out  
Spread our wings and try

Don't you wanna know  
Know where this emotion wants to lead us  
Don't you wanna go  
Don't you wanna see this to the end  
Take my hand, let's take a chance  
Love invited us to dance  
Let's find out how high forever goes  
Don't you wanna know
