Hunting through centuries

Eternity and loneliness

Searching for blood

Night for night for someone to die

Feel the kiss of a vampire

Follow me into the life of the blackend

Hide before sun

Love the shadows

After the kiss of a vampire

Hear my scream from the bottom of my heart

Everlasting but never wasting

Beauty in the dark

Welcome to the eternal nightmare

So feel the kiss of a vampire

Step into the land of the godforsaken

Stay in the dark

Love in the shadows

After kissing a vampire

We're condemned to awake and to fall asleep

Sleeping til the night will come again

Dancing with the undead

Drinking the blood of God's own creatures

So feel the kiss of a vampire

Hear the scream of a vampire

Died but still alive - as a vampire

After the kiss of a vampire
