Not the one, not the wave
Not the call you failed to make consequently left
unsteady
Class pictures, faded scribbles
Not the bane of my existence just the canvass of what
was

dont look at me i wont look at you
i wont mind you im neither honestly

Don't leave this place
when we learn to stand on our feet
Don't leave this place
Were our lives were once entwined

common sense of the morning
ask me remnants of the past little nothings left behind
back then we would talk and we talk and we talk about
how real it could be

dont look at me i wont look at you
i wont mind you im neither honestly

Don't leave this place
when we learn to stand on our feet
Don't leave this place

Were our lives were once entwined

i wish i could stay
Don't leave this place
when we learn to stand on our feet
Don't leave this place
Were our lives were once in twine

re-paint my orange sky
squeeze it out and i'll
keep it all together
hold it in forever

our lives were once in twine
i wish i could stay

were only just passing through
were just passing through

were our lives were once entwined
our lives were once in twine
i wish i could stay
i wish i could stay
were our lives were once in twine
i wish i could stay
dream of something better
dream of something bigger
