

Spongecola "Saturn"

Visit "[Saturn](#)" on MotoLyrics.com

Almost had myself fooled
Thinking all was fine
Without you i am empty

You made me who i am
And what could rise
Keep this afloat forever

But I'm afraid
I have to say bye now
It's getting late
I have to get by somehow

I've seen Saturn thru a telescope
And I'm losing hope in you
It doesn't matter if you don't let go
As long as i know

i want to hold you
Coz this just might be our last
You're the miracle about me

I see desire in the midst of casual eyes
Keep this afloat forever

But I'm afraid
I have to say bye now
It's getting late
I have to get by somehow

I've seen Saturn thru a telescope
And I'm losing hope in you
It doesn't matter if the world doesn't show
As long as i know

And now you'll take flight
Take my soul with you
Before we see tonight
You won't be gone tomorrow
You'll be right here
You'll be right here
You'll still be here, fixated
