You've been working on me for a very long time
Trying your best to sell me your lie
But I finally gave in
You pledge all your love to me
But it's worthless girl
'Cos I can't see
You don't stand behind your guarantee
You left some
Unfinished business
I need your loving more than just one night
Unfinished business
If you're gonna do something, girl
Do it right
Got a message for you
It's time that you learn
You cheated me girl
I hate to get burned
So you better watch out
'Cos I won't be fooled by you, baby
I'm gonna collect
As soon as I get
You here with me alone in this room
You left me some
Unfinished business
I need your loving more than just one night
Unfinished business
If you gonna do something, girl
Do it right
Unfinished business
I need your loving more than just one night
Unfinished business
If you gonna do something, girl
Do it right
Unfinished business
I need your love - unfinished business
This is one promise I make you keep
You're gonna pay up
Wait and see
I'm gonna get what's coming to me
You left some
Unfinished business

I need your loving more than just one night
Unfinished business
If you gonna do something, girl
Do it right
Unfinished business
I need your loving more than just one night
Unfinished business
If you gonna do something, girl
Do it right
