With love ! (Hey hey hey with love)
With love, love, love !
You gotta do it with love, love, love, love
With love !

In my mind, my body and my soul
I'm doing everything and I'm doing it all
With love !

In my mind, my body and my soul
With love, baby, you can have it all.

If you like to move it, if you like to groove it
Do it with love, baby
If you like to sing it, if you like to swing it
Do it with love, baby
'cause when your love is gone, and you're all alone
There is nothing left to carry on
So whenever we're singing this song we do it
With love, baby!

With love !
In my mind, my body and my soul
I'm doing everything and I'm doing it all
With love !
In my mind, my body and my soul
With love, baby, you can have it all.

With love, with love baby
With love, with love baby
With love, with love baby
Oh, whatever you're doing just do it with love!

Beatbox Solo 1 (6 secondes)

You gotta do it with love, with love
Come on and sing it, swing it, with love

Feel it in your body, your soul and your mind
When you move, when you groove, with love

Beatbox Solo 2 (12 secondes)

Break it down now!

One, two, bring the bass back

Yes, I had to sing it, and I came to bring it to you

With love, baby

Then I tried to blend it, but I have to end it for you

With love, baby

'cause when I love you, and you love me too

There is nothing left for us to do

But to hug and to kiss and to tug into bliss

With love, baby !

With love !

In my mind, (my mind) my body and my soul (my soul)

I'm doing everything (baby) and I'm doing it all

With love !

In my mind, my body and my soul (deep in my mind)

With love, baby, you can have it all. (love, love, love, love)

With love, with love baby

With love, with love baby

With love, with love baby

Oh, whatever you're doing just do it with love!

In my mind, my body and my soul

I'm doing everything and I'm doing it all

With love !

In my mind, my body and my soul

With love, baby, you can have it all.

With love baby

With love, with love baby

With love, with love baby

Oh, whatever you're doing just do it with love!
