"Touch"

When i touch you... feeling your skin
When i touch you... deep within
IÂ´ll break your silence on your way to me
I will make you everything you want to be
When i touch you...

You know that youÂ´ll love it... youÂ´ll need it...
For sure...
IÂ´m drawing your lines with my hands
IÂ´m weaving the dream that never ends
I donÂ´t play hide and seek... with you... dear
When i touch you...

Aiming fingers searching secret pleasures
Roaming where your river seems so deep
You know iÂ´m going on
I like the song youÂ´ll sing... for me
When i touch you...

You know that youÂ´ll...

And when tensionÂ´s spilling down your skin
Love will never be what she once was
When i touch you...
