I had a feeling from the start of it  
I had a joke on everyone  
I had a joke who was in everyone  
And if you listen up just once you know

If you want you can never leave  
And if you want, you can let her go

I had a feeling from the start of it  
You could say so, motherfucker  
You could say so, motherfucker  
And then I took it all around  
I took her back and I said to myself

If you want you can never leave  
And if you want, you can let her go

All the negatives have been destroyed and I say  
All the negatives have been destroyed, oh, yeah

I had a feeling from the start of it  
You could let me go if you wanted to  
But I haven't seen that you wanted to  
So I took it all around I took it back  
And I said to myself

That if you want you can never leave  
And if you want, you can let her go

All the negatives have been destroyed and I say  
All the negatives have been destroyed, oh yeah
