Uh-oh, yeah
Uh-oh, yeah

1 - Hey yo, all my life I've been trying to live it up
Pigeons like to flock they just wanna give it up
I don't want a girl
I just wanna hit it up

Yo, I don't wish nobody one the best
What the ?C you expect?
Blessings when my own ?C be correct
Blaze trum, coming for you gazy dons with arms
Hit your crib, blaze your moms
I spit bombs, eating ?C real like Jeff Dons
And chiefs that disagree with me, wave your arms
Don't get is twism, quit rapping and stick to living
You like a ?C cycle dawg nobody like you
I'm in the cockpit with hot ?C
And just like money in Titanic
I'm teaching ?C how to hot spit
I lock ?C peddeling rocks
Better off down in Broadway peddling socks
My hands stay hot, that's why the put metal with ?C
I'm gonna rock till I'm on a yacht settling stocks
Man ?C when you done with g's, I'm hungry
Split a cat from his hat to his Dungarees

Repeat 1

Hey yo I can't spit gotta smoke a ?C to this
I'm a hit a ?C make her son to this
You can't turn yourself in you gotta run to this
>From police ?C tote your gun to this
Yo my car's futuristic that's where I keep the biscuit
Any girl's seen my ?C before must have kissed it
Shouts to my district, girls claim distant
Don't ever kiss chicks that wear lipstick
By holler catch my ?C on a visit
With Timbs, when I get rich cop the lizards
Hit a club, out the car like where the ?C
Y'all ?C know first out being snitches

Catch me on tv or in your girl's pictures
Peep the background see if panties in the pictures
Stay with the lickest
Surrounded by ?C
We the jiggest rate girls on who the thickest

Repeat 1

Yo, I feel like we can fly when I floor the ride
With them doors that open towards the sky
?C on the block like your brand Delgado
Cause I pump out exotic you can test my product
Life is full of stress so I drink Old Gold
Smoke a ?C bring my high back with the stove
Body frame young but my mind is old
Bad student but with ?C I can honor roll
And the only crime I risk my life for is federal
Cause doing time for big dough is more acceptable
Girl with sex candies that's edible
Only if she got a good job like in medical
Grand stay recording, stay wearing Jordans
Beeper with the phone so a nigga look important
Yo what up?
It's that ?C who hit the club up
And ?C sitting there playing the wall get cut up

Repeat 1

If a ?C quick ?C grab my ?C and hit it up

Repeat 1

If a ?C quick ?C grab my ?C and hit it up
Uh-oh, uh-oh

Repeat 1

I will always love her for the woman she is inside
Her love's as pure as water that flows when my well is
dry
Oh I'm in love

Repeat 1
