Metal detektor ringing
As I'm walking through the door
With every chance I take
I can feel it start to break

To start to break some more
It's going down some more
I'm gonna break the bank
Of the Texas and walk out

It's a lie no more
All through with playing the wall
I'm gonna break the bank of Dakota
And walk right back out

It's going down some more
Not gonna fake it no more
Just gonna break the bank of the Texas
And walk right out

And make the sound
Of getting kicked when you're down
I'm gonna break the heart of Chicago
And walk right back out

Metal detektor ringing
As I walk on through the door
Metal detektor ringing
As I'm walking through the door, yeah
