Inside the wall, I wasn't sure  
Way things turned-out was, best they could be.  
I'm working today and yesterday  
Still got some time and I can have something I'd live for  
Well are you part of the motion-ment  
I wanna be part of the movement too  
I just don't find myself giving a fuck  
About the things that, I have to do  
When I see ya  
When it gets you like it's got me  
It cuts my teeth and then it, like I said  
When I first saw her I thought I knew her  
Now I know I don't, just wish I did  
And she could be able to take me far  
So come over my house and say  
Save my life,  
Plastic mylar  
I'm assuming you'll put me right  
I'm assuming you're not a  
And she's got a place that is cool so far  
And I haven't seen her perfections for my  
Plastic mylar  
I'm assuming you'll put me right  
I'm assuming you're out of sight
