keep believing the things that you tell yourself
everyone needs something they can tell themselves
to hold on to cause after all of it's said and done well
you know
confession is stay don't go
ooh it is

ooh let's stay don't go

ooh well now sometimes telling the truth is the best way
out
and it's the wrong words that make you prick up your
ears
when later alone
at times you find that the truth is the best way out

ooh let's stay don't go
confession is stay don't go
ooh it is
ooh it is
ooh let's stay don't go
confession is stay don't go

stay don't go
stay don't go
stay don't go
don't go
stay don't go
stay don't go
stay don't godon't go
