Hung up and bent on a stranger  
Just trying to swing a full time ride  
I never knew the cold hand of danger  
Till I met this one and took it inside

Now, I can't get near it  
Don't want to hear it, my cover's blown  
I walked in the rain like a drone  
All the way to Marquette, the infinite pet

I got something to tell you  
Far outside the black and white  
Oh, I got something I want to tell you  
But who will receive it tonight?

When I got up I cut my neck rug off  
Resigned my name to the ranks  
Of the blamed and the scoffed  
Cursing the day I met, the infinite pet  
Comes when you pirouette, the infinite pet

Hung up and bent on a stranger  
Just trying to hit a full time ride  
I never knew the cold hand of danger  
Till I met this one and took it inside

I sat back, I put my neck shirt on  
Resigned myself to the fate  
Of the failed and the conned  
Just like that day I met, the infinite pet

Cheaper than all your threats  
The infinite pet  
Comes when you pirouette  
The infinite pet  
How'd you pay back that debt  
The infinite pet

The infinite pet  
The infinite pet  
Oh, the infinite pet
