Every morning I've got a new chance
Well I want to land the part of Eddie in The Stranger
Dance
'Cause he gets the swordfight the duke, he kidnaps the
queen

And you think the score's set but you can't truly see
Till you know the two sides of Monsieur Valentine
Till you know the two sides of Monsieur Valentine

Every morning I pull on them pants
Mmm, but I don't get out so much since I acquired St.
Vitus dance
I turn the news on a while, I practice my scene
You think things are straight but they're not what they
seem

Till you know the two sides of Monsieur Valentine
In his coat and his boots and his blackheart machine
No, no one knows the two sides of Monsieur Valentine,
though yeah

Every morning I've got a new chance
I want to play the part of Eddie in The Stranger Dance
He makes love to the duke, he swordfights the queen
He steals the whole show in his last dying scene

No one sees the two sides of Monsieur Valentine
No, no one sees the two sides of Monsieur Valentine
Oh no one sees the two sides of Monsieur Valentine,
though yeah
