This is the electric lounge
No one's afraid to laugh
They say, 'C'mon, man?
Just let me break your back

Talk about the Medellin
And what's on tap
What else you come here for
What else could this be about ?

For me, I'm just waiting for the kid to come out
And I'm waiting for the kid to come out
And I'm finding out what this is about
Yeah, waiting for the kid to come out
Let it bleed

In the tradition
Of your nationalized tracts
(Outside between the bands)
It's hard to put down
(everything comes back out)
What you can't hold back
(And this is like being alive)

What you can't hold back
(it flows right out of your mouth)
What you can't hold back

Here at the electric lounge
Outside between the bands
(Here at the electric lounge)
No one's afraid to laugh
'Cause you'll get just what you've come to expect
You can stick all that up your ass

Because me, I'm just waiting for the kid to come out
I'm waiting for the kid to come out
I'm finding out what this is about
(I'm waiting for the kid to come out)
I'm waiting for the kid to come out
Let it bleed
