Yo Keith, yo this is Mark yo  
I got this fine-ass bitch in the Pelican right now  
suckin my dick and lickin my ass on the drum machine  
Yeah..

[Kool Keith]  
Yo put that motherfucker on the phone..  
Whassup baby? I heard you like cherry lubrication  
Your girlfriend called me last night  
Told me she liked to get fucked in the ass

Don't be so stiff, take your panties off  
Get in the fuckin tub, here's a washcloth  
Warm tea and chicken broth  
My arousal, you fuckin it off  
Teasin me with a thong on  
You look sexy eatin popcorn  
Camcorder ready your pussy is warm  
Fuck rotation, listen to the quiet storm  
Play with yourself in the shower, I'll be jerkin off while  
you gone  
Stick my tongue in your ass to fight your arm  
Strawberries on your clit, that's the bomb  
Baby all dick in my palm  
Cock your ass up and remain calm  
Penetrate where you fight it  
Pull your panties to the side, you like it  
My chest, you lick and bite it  
Hair on your pussy, don't hide it  
That gets me excited  
Plane flights, fuckin you in mid-air on United  
Your G-strings is wet, I'm delighted

[repeat 4X]  
Girl would you fuck tonight?  
Suck the dick, let me lick the clit

Watch you piss in the toilet bowl  
I get freaky, watch you drink milk with diapers on

Lick around the cat bowl  
Pull out couch unfold, pierced belly button  
With black leather boots you showin me your asshole  
Lubrication grease and Pentax camera  
You sold all my stamina  
The way I house see  
I lick your pussy from the back on the balcony  
Witcha girlfriends surroundin me, watchin VHS with me  
Suckin your breasts your secret fantasy  
is to suck my dick in the pickup truck, and have sex  
While you bump your CD by Next  
I rub my hand and face and smear sperm in your chest  
Spread your legs wide, I see the pink in your pussy  
flesh  
Open it down South, wipe my cum from around your  
mouth  
Watch my testicles regurgitate  
Fuck your girlfriend, I put fingers in her ass, she like to  
hate  
You trust me, put on your lingerie and have faith  
Condom on my dick, let's be safe

[repeat 8X to fade]  
Girl would you fuck tonight?  
Suck the dick, let me lick the clit
