If you say so
Nothing's wrong with you
I haven't been so
Down since that time that I
did too
If you say so (say so)
We're all out as one
Until I go home, so hard
That heart has just
begun
Want to get in so deep, oh
no
I should like to be
through
Do you want to, want to
Do you want to, want to
Do you want to
If you say so
Kemp is Antichrist
I haven't been so, I haven't
been so
I haven't been so, I haven't
been so
If you say so (say so)
We're all out as one
Until I go home, so hard
That heart is just....
Wanna get in so deep, oh
no
I would like to be through (I would
like to be through)
So
Do you want to, want to
Do you want to, want to
Do you want to
