Mountain to sound
Mountain to sound
Mountain to sound
Mountain to sound
And time's so slow, it's
barely a buzzing
Barely there, so loud
We've been at the airport so
long now
We go back to sound
It'll come back to you
It'll come back to you
soon
Come right back to you
It'll come back to you
And night, it comes, I'm losing
this hollow
That's okay
All the noise, you're playing
after hours
Sounds like hot shit to
me
Oh set, right, go
All the noise, you're playing
after hours
You could turn it down
I've been at the airport so
long now
Mountain to sound, yeah
