You're too blinded to see me cry  
There's no time to stop  
From your meaningless quest for gold

I can't breathe, smoke is in the air  
Fire's everywhere, and you're  
Cutting my skin to the bone

Look at my face trying  
To whisper I'm dying  
Look at your hands, they're blood stained  
Do you even remember my name?

You took me for granted  
Crushed me under your feet  
Told me you've got a million others like me

Please wake up, just stop hurting me  
Can't you see I'm falling and  
I'm taking you down with me

Look at my face trying  
To whisper I'm dying  
Look at your hands, they're blood stained  
Do you even remember my name?

I loved you, even now I still do  
But how long do I have to wait until youâ€¦

Look at my face trying  
To whisper you're dying  
My body is healed by rain  
But you still can't remember my name

It's Earth  
I gave you birth  
My name is Earth

I gave you birth  
It's Earth
