"Not Like A Bee"

I wrote a poem as a child
That I felt so damn good about
That I forgot it when I grew up

Until the truth came back to me
As if I woke up from a dream
God, I was such a clever child
So sing it with me and please go wild

I don't wanna live like a bee
She works her whole life
And then she dies, like the others
Can't you see, I wanna be free

I see the world as children do
It's magic everywhere I look
My childish poem holds the truth

Come out of your protective shell
It's time to say it to yourself
And all who told you otherwise
So don't be scared to go wild

I don't wanna live like a bee
She works her whole life
And then she dies, like the others
Can't you see, I wanna be free

Be free, not like a bee
Be free, not like a bee
Be free, not like a bee
