Everytime you try to do what you can  
To get the ass, it's part of the plan  
You settin it up, you buyin her stuff  
You do it for the love cause you bucklin up  
MacNicholas, Muh-Fuck ready to,  
The S gin-u-ine, you invision the grind  
She's already wit it, you just wanna dine  
See now I'm going for mine  
Plus to tell the truth y'all  
It's been a long time, this chick got me settin up the  
abbeyance  
If you ask me, yo it's time to get down  
I turn up the music, get some bass in my sound  
Quick dash to the bathroom cologne me down  
Now, it's time to relax  
Back on the scene that's, MackNicholas mack  
Tell her the place to be is the place where she's at  
She's feelin relaxed, my hands on her,  
I'm feelin up this chick I'm feelin up her flap jacks  
Got a page from her girl said let me call Sha ne' back  
Sha' ne said, "I had to leave the kids back at the flat  
girl"  
So she just pull up the, had to go and thats wack

You shouldn't'a gave me a huh  
In the first place  
You should have put up the guard, since the first date  
I know that it's hard, but it's not the worst case  
I told you straight from the starts  
That I was thirst-ay  
For more than just one or two  
Shit, two or three, can do

Much more than just one could do  
Listen, it's good for ya health  
Cause you know I aint the one to  
Repeat myself (5x) .....  
Yo yo why you playa hatin?  
I knew it was a reason for the separation  
Girl said you told her that I was a super,  
See I aint even know, that you could stoop so low  
What the fuck you over here fo'  
What, the girl she in the room what, there's the door  
I'll tell her that you came and that you said hello  
What up

[Baatin]  
I wonder what happened to my nigga, cock block  
I hate to see ya young ox, but up in a box  
He became a dread cause he had a lock  
On the flock in the place all on my jock  
Cause I had grace  
Told Cock Block he could hop many women  
Upon them never ever release your semen  
Upon them is a materialized demon  
Illustrious, succubus, do not trust  
She see you when you coming  
She know you wanna bust  
Now she got you sippin on the clitoris, juice  
Some of them juices is poisonous, juice  
Shoulda took notes, when the master spoke  
Places in the pussy, you can provoke  
You got what you want  
Your soul is ghost, ghost, ghost, ghost
