If you ever take a trip down to Cobb County, Georgia.
You better read the signs
Respect the law and order.
You'll serve hard times.
You'll be serving hard times.
You know the Big Boss Man will make you walk the line.
You better watch out boy or you'll be serving hard time.
He carries a big stick, a ball and chain too.
If you're looking for trouble he'll be coming after you.
You'll serve hard times.
You'll be serving hard times.
You know the Big Boss Man will make you walk the line.
You better watch out boy or you'll be serving hard time.
You'll be serving hard times.
You'll be serving hard times.
You know the Big Boss Man will make you walk the line.
You better watch out boy or you'll be serving hard time.
You'll be serving hard times.
You'll be serving hard times.
You know the Big Boss Man will make you walk the line.
You better watch out boy or you'll be serving hard time.
Hard times.
Hard times.
You know the Big Boss Man will make you walk the line.
You better watch out boy or you'll be serving hard time.
