Yo, yo enough of this, i'm about to kick it ill matic  
freestyle, describing this jedi master of thug-a-nomics,  
so listen up and give me a freestyle beat..  
He speaks softly, he swings his steal chain and rattles  
your brain,  
The man of many names, like B2 the physical version  
of R2-D2  
But you and your crew, always soft and never see  
through,  
Back up kid, yo I know that you're scared,  
Another name for my man is B-Squared,  
That's B to the second power in case you didn't get it,  
Beat you so bad, make your family look pathetic,  
Roll the credits, yo the fat lady sings,  
Rock the mad ice, that's why they call him Bling Bling,  
Buchanan, yo he's my right hand man an' 2 to me and  
an army and a weeks worth of plannin'  
Enough of that, yo we coming through ya,  
I'll let Bull finish this one off.....  
B2: BOOYA!!
