I'm about to show you I can whip a Latino,
You run from me like you run from el Nino,
Hot like a jalapeno stuck on an enchilada,
I'm a rottweiler you's a Mexican chihuahua,
You gets nada, don't bother the crew bro,
Stick to salsa, and listen to Menudo,
You hate me 'cause I'm white that's reverse
discrimination,
I hate you for two words, illegal immigration,
I beat you down kid, then I make you humble,
Beat you today and then again at Royal Rumble,
I never fumble,
Got you locked with these big hits,
Eddy cut the mullet now it's time you got your wig split,
Yo sit back relax listen to the boss,
You work at taco bell handing me the mild sauce,
Take a loss, know that you're phony, I got coconuts ya'll
got no cajones
