The reason that I'm sitting here waiting for the Doc
Is cause of the F5 that I took from you Brock
I don't think that you understand what I'm
saying
You're gonna hit your knees quicker than a
priest when he's praying
You're the poster child for the birth control pill
You go down quicker than a Ho for a five dollar bill
I'm the real Superman, you ain't nothing but
Clark Kent
I go for four quarters. You're halftime, like 50-
Cent
I'm going to hang your ass like a Christmas tree
ornament
I'll whack you more times than a masturbation
tournament
You get my point now? Because before I thought you
missed it
I'm a Viagra triple shot. You're just a Limp
Bizkit!
Word Life!
