Hey I??Â™ m sorry to interrupt you Steph, I had this
dream about you last night
You had me standing at attention, I can??Â™ t wait to
see you catfight
I lost my concentration, I was looking at your targets
And at Vengeance hopefully I??Â™ ll find out if the
curtains matches the carpets
No I mean it, I??Â™ ll be glued to the boob tube, no you
gonna squash Sable completely
You make all five of my girlfriends jealous, each of
them wants to beat me
You and Sable fighting, that??Â™ s good for my health
Something about you makes me keep in touch with
myself
Look, here??Â™ s 20 bucks, please rip Sable??Â™ s top
off
You see, I got this little fetish with nipples and I??Â™ ll
definitely get my rocks off
And Sable??Â™ s just a ho, you're a Diva with class
No one??Â™ s watching us Steph, why don??Â™ t you
let me smack that ass!
