I don't need leather pants and tattoos to try to act cool,  
I got throwbacks and steel chains, I lead the new school.  
It's time to take out Big Evil, keep him resting in pieces,  
I'm gonna eat you alive dog, and find your bones in my feces.  
I'm untouchable, this won't be a fight,  
I'll walk away with his bike and he can suck my tail pipe.  
He had a good run but it's bye bye, see ya later,  
I'm the real dark side, half machine like Darth Vader.  
I'm way better than the Deadman, you just another sucker,  
You think he's beating John Cena? You're a stupid motherf\*\*\*\*er!
