Here comes the money (Here we go, money, Uh)  
Here comes the money  
Money (9x)  
Dolla Dolla  
Dolla Dolla  
Ching Ching  
Bling Bling  
Cut the Chatter  
You ain't talking money  
Then your talking don't matter  
Ching Ching  
Bling Bling  
Pattin' Pockets  
You make a dolla dolla  
Can't a damn so stop it(?)  
Uhhh  
Here comes the new kid on the block  
Hold all your bets here's where the buck stops  
See first of all I am steppin' out on my own  
Bout time I elevated to claim my own thrown  
Success in my blood  
Call it home grown  
Pores reakin' testosterone  
Power and money got me crazy, cocky  
No longer need you papi  
I know your mad because you can't stop me  
and if you wonder how this playa done scooped your  
honey  
I think she smelled my cologne  
It's called brand new money  
Making (something?) movement ain't a damn thing  
funny  
Pimpin' hood rats and playboy bunnies  
They see the...  
Money (9x)  
They Say Its  
They Say Its  
Money (9x)  
Say What  
Say What  
Say What

Money  
I'm global dolla dolla  
and roll with bout 50  
Like to go out smelling fresh and lookin' spiffy  
Don't like clean money  
I want my riches to be filthy  
cause with everytime it's fun  
I get done til I'm 60  
So what am I supposed to do  
Roll in two  
Stand there pattin the pockets  
'Till I'm stackin' only two  
Ching Ching  
Bling Bling  
Got the cash in lumps  
It's a four wheel here to jack  
and I'm selling them out my trunk  
Whenever, whatever it takes to shake down a dolla  
Although in that direction wait a minute  
Holla Holla  
All wants to know  
Where they go  
Where they went  
and I'm makin monster money  
smellin just like a mint  
Money (9x)
