Groupie: Oh my god!
Hulk: Check out the pump, brother!
Groupie: Wan-na-na?
Hulk: What's up dude?
I was born, I was bread, I was southern fed.
I had a crazy idea running through my head.
Kinda corny as a place I had to be.
Those freaks in the pit really set me free.
Chorus:
OH YA!
Hey check out the pythons, baby.
Would you look at that?
Hey check out the pythons, baby.
The Hulkster's back.
I was hanging, I was banging, I was turning it on.
Everybody on the beach knew it wouldn't be long.
I took the belt, it was theirs, I don't really care.
In the hand of the Maniacs, we can all share.
Chorus.
Fortune and fame was his middle name.
He got as high as the sky, he remained the same.
With the training and the prayers and the vitamins too.
Don't mess with us or we'll beat you too.
Chorus.
Groupie: Are you a Hollywood producer?
Groupie: Oh my god.
Hulk: Anyone wanna arm wrestle?
Hulk: What's up, daaaaaaawd.
Hulk: Check out the pythons.
Hulk: Test the power.
Hulk: Training, prayers, vitamins.
