I don't know anything  
I don't know who I am  
I don't know anything  
I don't know who to be  
Why we have to live in so much hate everyday, oh yeah  
Why the fighting and the coming down, am I sane?  
I don't know  
I don't know anything  
I don't know who to be  
I don't know anything  
I don't know who I am  
Why we have to live in so much hate everyday, oh yeah  
Why the fighting and the coming down, am I sane?  
I don't know  
When the teacher put the ruler down on my hand  
I laugh!  
Cross my heart and hide reliever in trails of blood,  
I love?!?  
I don't know anything  
I don't know who I am  
I don't know anything  
I don't know who to be  
Why we have to live in so much hate everyday, oh yeah  
Why the fighting and the coming down, am I sane?  
I don't know  
When the teacher put the ruler down on my hand  
I laugh!  
Cross my heart and hide reliever in trails of blood,  
I love?!?
