Now who got da fever for the flav', who can dig da wag  
that I flex on a track I'm causin' rampage,  
Ricky rick on point with da 9-S style from ma lips they'll  
be rollin' da mad joints.

So put ya hands in da air coz there's a party over here.  
so grab yourself a beer and we can get da fever on I'm  
with it so let me put ea big brown beaver on.

I'm comin' with da disco. I can flip so. I'm a drop the  
solo tip somethin' for da honeys

In da crowd lend me yar ear so I can turn the party out,  
till tomorrow afternoon

Coz when I grips ma steel no-one leaves da room.

So tell me can you feel the mad skills coming with da  
fever, fever, fever.

Ah ha ha ha staying alive, stayin' alive.

Ah ha ha ha stayin' alive stayin' alive

Ah-ha ha ha stayin' alive stayin' alive.

Ah ha ha ha stayin' alive.

Step to the side

You'd better run and hide

Move m the side

Everybody wants to stay alive

Everybodys in da house, we had to run this back. so  
you can break ya flares out

N-Trance and da only one we got it going on so let me  
get ma flowin' on,

It's a blast from the past and ya heard o' o'me and da  
boyz comin' down with murder,

And it's gotta be the way everybody wants to make a  
move so just party

And we can have a I'm so get ya move an I'm a take  
this groove and slam flip it

How we want it flipped from da back to the front when I  
drops me the manuscript

Cox I got da moves and I'm always done ma flow with  
da crazy crazy grooves

So tell me can ya feel da mad shills coming with da  
fever. fever, fever,

Everybody in de house come on and let me hear ya say  
ho ho (HO HO)

Everybody in da house come on and let me hear ya say

ho ho (HO HO)  
Everybody in da house come on and let me heat ya say  
ho ho (HO HO)  
Everybody in da house come on and let me hear ya say  
ho ho ho. (HO HO HO)  
It's about time everybody in da house bust a move to  
ma vicious raw rhymes  
Ricky Rick on a tip with me boyz bringing disco noise as  
I drop da wickedness  
Gettin' sharp with da flow we took a Bee Gees loop and  
broke it down like lego,  
A disco lick thats deeper coz we go "a get " da fever.  
fever, fever.
