Fall into a carousel of unimagined flight.  
Ripping round the corners shrieking, sometimes  
peeking night.  
Drown yourselves in lakes of volume,  
Drown yourselves in the sound.  
Turn it up to match your voyage,  
Ten's restricting, eleven takes you on a ride.

The ride of your life.  
On the ride.  
The ride of your life.  
I always ask for more than is needed.

I'm reaching down while I'm high.  
Puncture the air with verbal affairs.  
A chance to be smooth on the climb.  
I let it fly like a kite in the warm winded sky,  
Not sure how to land.  
But when I do hope my tunes are still true,  
May they scream loud to you, wanna take you all on a  
ride.  
The ride of your life.  
On a ride.  
The ride of your life.  
The ride of your life.  
Of your life.  
Pickin' a, pickin' a sound, make you all just crowd  
around.  
Bout it, bout it loud, got to be about it loud.  
Like it to like it to slam, like it like it to slam.  
Wanna ride? Wanna ride? Wanna ride?  
Ride Your diggin' it down.  
Ride Your diggin it down (Supersound).  
Tickety, tickety bomb, tickety, tickety bomb (Sing  
along).  
Take it, take it away, take it, take it away,  
Wanna ride? Wanna ride? Wanna ride?

Ride.  
Drown yourselves in lakes of volume,  
Drown yourselves in the sound.

Turn it up to match your voyage,  
Ten's restricting, eleven takes you...  
You on a ride.  
The ride of your life.  
On the ride.  
The ride of your life.

The ride of your life.  
Of your life.  
The ride of your life.  
On the ride.  
The ride of your life.  
The ride of your life.  
Of your life.

Pickin' a, pickin' a sound, make you all just crowd  
around.  
Bout it, bout it loud, got to be about it loud.  
Like it to like it to slam, like it like it to slam.  
Wanna ride? Wanna ride? Wanna ride?  
Ride Your diggin' it down.  
Ride Your diggin it down (Supersound).  
Tickety, tickety bomb, tickety, tickety bomb (Sing  
along).  
Take it, take it, take it away, take it, take it, take it away  
Wanna ride? Wanna ride? Wanna ride?
