(Refrain)

On this day
I see clearly
Everything is come to life
Better place
And no broken dreams
And we leave it all behind
On this day
It's so real to me
Everything is come to life
Not a chance
To chase a dream
Not a chance to feel
Chance to feel
The life !
On this day
I see clearly
Everything is come to life
Better place
And no broken dreams
And we leave it all
Leave it all behind !
Oh oh !

I'll never long for what might you been
No !
Regret or waste my life again
Oh !
I want to back my life to remain !

(Refrain)

On This Day
I See Clearly
Everything Is come to life
Better place
And no broken dreams
And we leave it all behind
On this day
It's so real to me
Everything is come to life
Not a chance

To chase a dream
Not a chance to feel
Chance to feel
The life !
Ouh !

Fear will kill me
All I could be
Empty Sarrows
Let me breathe
Cause you set me free ! (2x)

(Refrain)
On This Day
I See Clearly
Everything Is come to life
Better place
And no broken dreams
And we leave it all behind
On this day
It's so real to me
Everything is come to life
