Cruising down main street  
In my home town  
Thinking bout a girlfriend  
That I ain't never found

Where are the real good girls  
The ones who make it alright  
Where are the real good girls  
Ones who can make it all night  
Make it all night

Bet she got long hair  
And real long legs  
She might even have a tattoo  
She could be blonde or brunette  
I just don't know yet

I want a real good girl  
One who can make it alright  
I want a real good girl  
One who can make it all night  
Make it all night

I don't know what tomorrow might bring  
I know that she will be everything to me  
Everything to me

Cruising down main street  
My baby at me side  
I finally found a good girl  
She's a real fine ride  
A real fine ride

She's a real good girl  
And she makes it alright  
She's a real good girl  
And she makes it all night  
Oh, she makes it all night

She's a real good girl  
She's alright

Real good girl
