Well sweet little sista's high in hell cheat'n on a halo  
Grind in a odyssey holocaust heart kick on tomorrow  
Breakdown  
Agony said "Ecstasy" in overdrive she come a riding on  
the world  
Thunder kiss'n 1965  
Yeah, wow! Five, yeah, wow!!  
Demon-warp is coming alive in 1965  
Five, five, yeah!  
Livin' fast and dying young like a endless poetry  
My motor-psycho nightmare freak out inside of me  
My soul salvation liberation on the drive  
The power of the blaster move me faster 1965  
Yeah, wow! Five, yeah, wow!!  
Demon-warp is coming alive in 1965  
Five, five, yeah!  
Gimme that, gimme that now, now, now, yeah!  
Roll'n like a supersonic another fool that gets down on  
it  
Pig sweat a million miles, I got a heart atomic style  
I make it look easy, that's what I said  
Blast of silence explodes in my head  
Yeah, yeah, yeah, gimme that, gimme that now  
Step to the moonshine frenzy hail: The Resurrection  
What's new pussycat, can you dig the satisfaction  
Well, you can't take it with you, but you can! In  
overdrive  
Yeah! Some like it hot and twist'n, 1965  
Yeah, wow! Five, yeah, wow!!  
Demon-warp is coming alive in 1965  
Five, five.
