You look so good to me (oooh, oh you're my baby x2)
I can not turn my eyes away (I can not turn my eyes
away)
I hang on every word you say (I hang on every word you
say)
You make me want to hold you, you make me lose
control
And you make my heart and soul complete
Oh baby, you look so good to me
Oh baby, you look so good to me
I can not turn my eyes away (I can not turn my eyes
away)
I hang on every word you say (I hang on every word you
say)
You make me want to hold you, you make me lose
control
And you make my heart and soul complete
Oh baby, you look so good to me
Oh baby, you look so good to me
