Run Riot All Night
Keep Quiet Yeah Right
Run Riot All Night
Keep Quiet Yeah Right
I know nothing about you
Like it even matters
You know nothing about me
Walk of shame walk of shame
I am too scared to breathe
Can't even sleep
I should have been faithful
And I don't believe everything is lost
For good
I'm too scared
(We were young we were wildcards)
I can't sleep
(Playing God in a parking lot)
I'm too scared
(We were young we were wildcards)
I can't sleep
(Playing God in a parking lot)
Cold Chaos All night
Sidewinders For Life
Cold Chaos All night
Sidewinders For Life
Be brave focus on conquest
Like a kamikaze
We walk straight through the gauntlet
Test of faith test of faith
I am too scared to breathe
Can't even sleep
I should have been faithful
And I don't believe everything is lost
For good
I'm too scared
(We were young we were wildcards)
I can't sleep
(Playing God in a parking lot)
I'm too scared
(We were young we were wildcards)
I can't sleep

(Playing God in a parking lot)
May God have mercy on you and I
For the sins that we shared tonight
Be still and pray for the peace that passes
All understanding ALL UNDERSTANDING
GOODBYE GOODBYE TO THE SETTING SUN
GOODBYE GOODBYE TO EVERYONE
GOODBYE GOODBYE TO THE SETTING SUN
GOODBYE GOODBYE TO EVERYONE
GET BACK GET BACK TO THE STARTING LINE
GET BACK GET BACK TO THE ONLY LIGHT
GET BACK GET BACK TO THE ONLY LIGHT
I am too scared to breathe
Can't even sleep
I should have been faithful
And I don't believe everything is lost
For good
I'm too scared
(We were young we were wildcards)
I can't sleep
(Playing God in a parking lot)
I'm too scared
(We were young we were wildcards)
I can't sleep
(Playing God in a parking lot)
