Sunny days are sad  
Second chance is past  
Even hearts they breaking  
Cut inside like shattered glass

Can't predict the future  
But you know it's true  
That I'll carry all the weight  
When it's too much for you

Keep stumbling forward  
Stumbling on toward  
We're reaching solid ground  
I'll never let you down

Whenever it's pouring  
Together we're soaring  
I'll never set you down

Waves crash sooner or later  
When they try to break ya  
And you feel like you're drowning inside  
That's when I'll catch you

Summer falls into winter  
And the road's getting slicker  
And you feel like you're slipping away  
That's when I'll catch you

(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch you

You're spending life  
Trying to race with time  
But once you've made it to the end  
You'll find you can't rewind

I'll slow tic pace  
So anything you face

Will stay together  
Even if you fall from grace

Keep stumbling forward  
Stumbling on toward  
We're reaching solid ground  
I'll never let you down

Whenever it's pouring  
Together we're soaring  
I will never let you down

Waves crash sooner or later

When they try to break ya  
And you feel like you're drowning inside  
That's when I'll catch you

Summer falls into winter  
And the road's getting slicker  
And you feel like you're slipping away  
That's when I'll catch you

(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch

I've been in your shoes before  
I've kicked down a thousand doors  
I promise when you fight tins war  
You're not alone

It's not about how or why  
Just know that we'll be fine, fine, fine

Waves crash sooner or later  
When they try to break ya  
And you feel like you're drowning inside  
That's when I'll catch you

Summer falls into winter  
And the road's getting slicker  
And you feel like you're slipping away  
That's when I'll catch you

(Ooo, catch you)

That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch you  
(Ooo, catch you)  
That's when I'll catch

That's when I'll catch you

That's when I'll catch you

That's when I'll catch you...
