"Fall In Love"

We started out perfect
Everything was alright
Nothing's really perfect
At least not all the time
When we... let's make up
Don't hold it on inside
Pretending that it's over
So we can just get back.

Getting dying in the... we gonna stay together
If we wanna make it last forever and ever

[Chorus:]

It's easy to find the love, anyone can find the love
It's even easier to break up, so how do we say here
It's easy to fall in love, 'cause anyone can fall in love
I don't wanna give up, tell me how do we stay here.

See you getting lazy when did you start carrying
Used to call em baby back in the beginning
Know that I'm not crazy
I feel the things got changing
And attentive to me lately
Reason... creeping

Getting dying in the... we gonna stay together
If we wanna make it last forever and ever

[Chorus:]

It's easy to find the love, anyone can find the love
It's even easier to break up, so how do we say here
It's easy to fall in love, 'cause anyone can fall in love
I don't wanna give up, tell me how do we stay here.

We still have a chance to make it better
Better than it's ever been before
Don't' be so quick keep holding on
It's worth fighting for 'cause it's easy

[Chorus:]

It's easy to find the love, anyone can find the love

It's even easier to break up, so how do we say here
It's easy to fall in love, 'cause anyone can fall in love
I don't wanna give up, tell me how do we stay here.
