When this world that I see
Is too hard to take
And too much for me
And everything's in blue,
When the rain's pouring down
And I can't find the sun,
It don't mean the sun can't be found
It always comes through

There's not a soul that's lost
That can't find its way
There's not a night that's long
That can't find the day

As long as I can dream,
There's a better world
Oh, there's a better world
I see it shining
And in my dreams, I see
There's a better world
Oh, there's a better world
As long as I can dream

In my heart, there's a place
Where there's always hope
And always a way
To make it through the night
And in my soul, I believe
If I just have faith,
Then I will be free
I'll be alright

There's not a soul that's lost (not a soul)
That can't find its way
There's not a night that's long
That can't find the day

As long as I can dream,
There's a better world
Oh, there's a better world
I see it shining

And in my dreams, I see
There's a better world
Oh, there's a better world
As long as I can dream

Na na na na na na
Na na na na na (oh yeah)
Na na na na na
Na na na na na na
Na na na na na
Na na na na na
Na na na na na na
Na na na na na
Oh-ohhhhhhhhhh

There's not a soul that's lost
That can't find its way
There's not a night that's long

As long as I can dream, (as long as I can dream)
There's a better world
I can see it shining on me
(In my dreams, I see) In my dreams, I see, yeah
(Oh) There's a better world
As long as I can dream

(There's a better world, there's a better world)
And I can see it (I see it shining), yes, it's shining on me
(In my dreams, I see) In my dreams, I see
(There's a better world)
Just as long as I can dream

As long as I can dream,
I see a better world
(As long as I can dream)
When rain is pouring down,
It don't mean the sun can't be found
(As long as I can dream)
(repeat and fade out)
