### "Go On"

I can feel  
What you feel  
When things don't feel the same  
Dry your eyes, don't cry  
Some things will never change  
Go on, go on, go on, go on  
Go on, go on, go on, go on yeah

#### Verse 1

Only you can set you free  
Move along so you can breathe  
Use your chances to explore  
Pop champagne and celebrate  
All those nights I brought you pain  
Do whatever it take to forget my love

I know someday you will find  
That my love is more than kind  
And what we had was so much more  
Than the things you searching for

Oh oh oh oh oh h

I can feel  
What you feel  
When things don't feel the same  
Dry your eyes, don't cry  
Some things will never change  
Go on, go on, go on, go on  
Go on, go on, go on, go on yeah

#### Verse 2

Many nights I held you back  
But tonight I'll help you pack  
What you wish for you will get  
Soon or later you'll be home  
When u've sailed the rivers dry  
And there's no one left to embrace your flaws

Oh oh oh oh oh h

I know someday you will find  
That my love is more than kind  
And what we had was so much more  
Than the things you searching for

Oh oh oh oh oh

I can feel  
What you feel  
When things don't feel the same  
Dry your eyes, don't cry  
Some things will never change  
Go on, go on, go on, go on  
Go on, go on, go on, go on yeah
