im driving round in my moms ride  
im awesome  
a quarter of my life gone by and i met all my friends  
online  
mother fucker im awesome  
i will run away from a brawl  
im awesome  
theres no voicemail nobody called  
im awesome  
i can't afford to buy eight balls and i talk to myself on  
my face book  
wall  
you know my pants sag low(low)  
even though(though) that went out of style like ten  
years ago(go)  
spose i got the swagger of a cripple  
i got little biceps getting fatter in the middle  
and lyrically im not the best  
physically the opposite of randy moss and yet so  
puposteruis  
feel the awesomeness the most obnoxious guest up at  
the sausage  
fest  
oh yes  
the girls are repulsed so i hide in my hood like im  
joining a cult  
uh huh  
im as nervous as my cattle dirty Curtis  
all my writtens are bitten and all my verses are perches  
me ill never date an actress  
got too many back zits  
plus my whole home aroma is cat piss  
every show i do is poorly promoted and if you like this  
its cuz my little sister wrote it  
im awesome

further more im cornier than ethynol  
cheeser than provolone  
i spent years eight to ten living in a motor home  
with a ego the size of tim duncken  
even though i got shit for brains like a plumpkin  
im twenty four serving lobster rolls  
because i spent a decade filling optimmoes and im not  
even the bomb  
in maine  
i give it all my game and only about as sexy as jhon  
mccain  
now put your hands up if you have nightmares  
if you wouldn't man up if there was a fight here  
if you got damn drunk  
if you drink light beer  
im out of breath  
but im awesome  
no your not dude don't lie  
im awesome  
im drivng round in my moms ride  
im awesome  
a quarter of my life gone by and i met all my friends  
online
